afternoon, a serious fight occurred in Sheph rdstreet, between five or six white men, when knives were drawn and one of the part , by the name of Charlon, was cut five times in the back and side. He is said to be dangerously wounded and laid up. The matter is undergoing investigation by a magis-

ST. PATRICK'S DAY. -To-day, the great Irish anniversary, the hearts of the sons of Erin all over the world beat respons ve to tender recollections of their native oil and will not be for otton in Charleston. The Hibernian Society will give a grand dinner, while the St. Patrick's Socie y and other Irish organizations will each celebrate the day after their ewn fashiou.

CAUTION .- We understand that a female calling herself Mr : Smythe is going around the city soliciting and and collecting money for the "Ladies Mutual sid Ass. ciation." We have been requested by the officers of sui as ocia ion to state that no such person is authorized to do so, but only such as are the regular collectors, and who have their books with the signatures of the officers of the association.

DESECRATION .- Some of the visitors to Magnolia Ceme ery, of late, have been acting in a most soandalous manuer, chipping off pieces of the tomb stones, destroying the flowers and plants, and other wise descorating he home of the dead Could not detectives be effectively employed to ferret out the perpetrators of these outrages? Certainly some steps should be taken to bring them to condign pun-

SUDDEN COLD .- The cool change which the thermometerinform d us took place in Richmond on Morday, was not long in reaching this latitude The thermometer which, in the middle of the day, on Monday, stood at seventy-two, by sunrise on Tuesday morning had fallen to the nri hborhood o forty, and all day yesterd y the weather was cold, blustering and disagreeable, the sudden change being severely felt.

Unding drew another fine house at the theatre last night. The performance was not, on the whole, as great a success as Cinderella, but the audience seemed well pleased, and the ballet scenes and some of the songs were applauded to the coho. Manager Whitman deserves credu for the excellent enterminment he has given us, and he's nd his company will be welcome whenever tuey may see fit to pay Charleston another visit.

WANTED, LODGINGS .- The rush of visitors has taken the hotel and boarding house keepers by surprise and upset all their calculations. Charleston Hotel is full from the basement to the garret, and is refusing customers, while the Pavilion Hotel is in the same pleasant predicament. These visitors did not come down to see Madame Diani or Laura Bell or any other man, but to see 'he spring goods which can be bought to better advantage in Charleston than any other place we wot of.

THE CITY FULL.—There are more country merchants and strangers generally in the city than there have been at any one time since the close of the war. The wh lessle houses seem to be erowded. and the tapping and hammering lite at night, together with the bright lights in the stores, give old Churleston almost an ante be'lum look. One of the most gratifying features of the business of the pretent season is the fact that merche ats have come my from Alabama and Georgia who have not visit d us since Appomatiox. Gradual are we winning back our old trade. Blood will .ell !

THE PEAR FAMILY SWISS BELL RINGERS. The renowned Peak Family are shortly to give a series of their actightful entertainments at the Hibernian Hall. In the manipulation of their tavorice instruments the Peak amily exhibit dexterity waich can only be attained by long yours of practice. Their range of music is not so limi ed as in former days, as in addition to the performance at the bell table, they now give a great variety of other instrumental music, a concert band, the principal members of whi h are young ladies, being one of the chief attractions. As their stay in Charleston will be limited to four days, they will probably draw full houses, and seats should be so ured in time.

THE UNITED STATES COURT, MARCH 16-HON. GEO. S. BIYAN, PRESIDING - the report of Registrar Carpenter on the petition of Wm. Miller to establish liens was confirmed, and order of said granted. The report of the degistrar in the case of J. O. B. Dargan on petition to establish lien in the matter of D. k. Wright to set all a no e against judgment in the case of A. J. smyly, bankrupt, and the order was accordingly made. The case of J. A. Quackenbush, petitioner to place A. W. and C. C. Thomes in involuntary bankruptcy, came up for hearing, and the debtors were declared bankrupts, and ordered within five days to delive, to Marshal or Messenger schedule of their effects, &c.

FASHION NOTES .- The pannier is now pretty

Light green and violet are to be the fashionabl spring colors. High-buttoned Polish boots of black kid are the

most fashionable boots for promonade. French gift and imitation jewerry is still the rage, and has almost cutively superceded the real article. Beveral would-be fashionable families on Fifth avenue have added gally dressed pages and flunkeys

to their domestic bousehold.

SEIFF & GAYLORD'S MINSTRELS appear at Hipernian Hall to-night for the first time, and will preent a bill of variet and rare attractions. The company embraces in its list of performers, opera cemmedians, fine singers and expert dancers. There is a fine brass band attached to the troups.

BADLY SOLD .- There was a large and enthusiastic meeting of the Republican party at the Mili-tary Hall on Tuesday night, for the purpose of expressing the sentiments of the Republican party with reference to the rumore's Federal appointments. The meeting was addressed by the Hon Gilbert Pilsbury, J. G. Mackey and Squire Bunch. The burden of the speeches was a hearty endorsement of a preamble and set of resolutions offered by Mr. Wm. Tatt, denouncing George W. Clark, J. D. Geddings, L. T. Potter, J. P. M. Epping, and others, as not being in affiliation with the party; expressing the hope that they will be left in the "cold," in the distribution of Federal patrouage. In substance, the meeting was similar in Charleston to the one held in Columbia, save that it was entirely devoid of distation.

BURGLARY AND MURDEROUS ASSAULT -About wo o'clock on Monday morning, Mrs. McBride, residing with her husband, Mr. Barney McBride, in Cannon street, between St. Philip and King, was awakened by seme one moving a chair near hor bedside. She called to her husband, but before he could be aroused, the burgar struck Mrs. McEride now likely to be the case, and, while nothing has wo severe blows on the head and one on the back. The noise awakened her husband, who instantly jumped up and in his confusion called to the police rom the window. Sergeant Nelson and Lieutenant Campbell, of the upper wards force, soon appeared, ound that the premises had been theroughly ren sacked, and Mr. MoBride robbed of \$282 75 in greenbacks. This was one of the most adroitly planned robberies that has ever been perpetrated in our city -the thief making the most eareful provision for his retreat before he began operations. The party is

to the guardhouse for violating city ordinance by appearing on the street in costume. An engineer on the Northeastern Railroad threw a basket of clothes to some one on the platform in the depot on Tuesday in mistake. Whoever the person

was, they will oblige by returning it to the loser, by leaving it at the upper guardhouse. A substantial plank road has been laid in Ann-

street by the South Carolina Railroad, in the neighborhood of their depots. It is a great convenience to vehicles, &c. The Upper Wards Guardhouse is undergoing

thorough whitewashing and oleaning. The Charleston Hotel is to be adorned with a new

There is a city ordinance requiring a platform to be laid before the gateway or every house; it is being rigidly enforced. Those who have not given the matter attention had better do so at once.

GANG OF YOUNG DESPERADOES .- About halfpast seven o'clock on Monday night, Dr. J. L. Daw son left his buggy in front - his door, Chapel-street, in charge of a small white Lov, and went into Mr. Vanderhorst's to see a patient. On coming out he found a parcel of half-grown white fellows assau'ting his boy who was resisting their attempts to out the harness off the horse and steal the bugey umbrella. THE LONG-TALKED OF THEATRE. -If Charles-

ton has not a theatre worthy of her population and the megnitude of her trade, it is not for want of talking or writing, nor because the social and business advantages of a well conducted place of amusement are not properly appreciated. The Charleston papers have with might and main, during the last two years urged the immediate building of a theatre. There has been no doubt that the theatre would attract strangers and business men to our city. It was believed that an economically arranged and conducted theatre could be made to pay. There seem d to be no question that a wite could be obtained on advantageous terms, and tust the men y necessary could be rai ed among our citizens. And yet the project always hung fire. What was everybody's business was nebody's business, and it was noneless that anything should be done unless the matter were taken up by some practical, pushing men. This is been determined, there is still room or beli-ving that the preliminary arrangements will seen be so far advanced as to admit of making them public, As we understand it, the general plan is to endeavor to ob ain the old theatre lot as the site of the

newtheatre. It is now owned by the Agricultural Inst tute, and it is hoped that the Justicute will consent to lease it to the theatre company for the consideration of being able to use the building for their annual and other meetings. This gives the site, and we learn that Mr. Whitman, the manager of the Cperatic Company now in the city, and who is himself an educated mechanic, is willing to su scribe about REAL ESTATE SALES,-The following sales of \$10,000 and take charge of the erection of the building. What money is necessary is expected to be raised without difficulty, as there is not a business house in the city which could not aff rd to subscribe one hundred dollars or more for the sake of having a theatre. Some privileges might be obtained from the city, which should at least be will no to exemp the new theatre from city taxes for a term of years. We hope that the gentlemen who are discussing the subject will adhere to their determination and work the project through. It can be done, and the only question is, shall it be done? We say, yes

TO THE EDITOR OF THE NEWS. The annual meeting of this company takes place to-day, and as the election for President and Lirectors also takes place, it is to be expected that the stockholder, will place at the head of the road a young, active, energetic, practical railroad man. No other one will answer. Put the road through at the shortest possible time. The sta e demands it; the people of Charleston demand it, and the stockholders and bondholders demand it. PROBABLY NEVER BEFORE IN THE WHOLE history of medicine has anything won so widery and so deeply upon the confidence of markind as this excellent remedy for pulmon-ry complaints. Through a long series of years, and among most of the races of men, it has rise n higher and hi-her in their estimation, as it has become better known. Its uniform character and rower to cure the various affections of the lungs and throat, have made it known as a reliable protector garnet them. While analysed to milder forms of disease and to young criddee, it is at the same time the most effectual remedy that can be given for incipient concumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of croup, it should be kept on hand in every tamily, and indeed, as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settle i consumerton is thought incurable, still great numbers of cases where the disease seemed settle i have been completely, cured, and the patient restored to sound beauth by the Cherry Peorofal. So complete is its mastery over the discorders of the Lunes and Throat, that the most obstinate of them yield to it. When nothing eve could reach them, under the Gernny Peorofal they stee side and disappen.

Singers' and public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.
